## Projects

**EOD PAYMENT SYSTEM USING CRYPTOCURRENCY / Blockchain , HTML, CSS , PHP**

**Current**

- The Exam on Demand (EOD) payments system, utilizing cryptocurrency, endeavors to transform the examination payments process through the utilization of blockchain technology.
- Engineered a groundbreaking cryptocurrency-based payment platform for the EOD system, leveraging blockchain to streamline payment processes, leading to a 60% increase in transaction security and a 30% decrease in payment disputes.
- <https://github.com/prakash2204A/crypto-payment-system>

**Mentoring Management System / Java , Springboot**

**March 2024**

- Mentoring aims to help mentees grow by teaching them how to manage change, bounce back from failure, and embrace new opportunities.
- Implemented and designed data replication workflows to ensure databases synchronize accurately and punctually.
- We utilized Java and Spring Boot for the development of the mentoring management system.

**E-Commerce / Html , CSS,React.js, JavaScript, MySql**

**Feb 2024**

- E-commerce (electronic commerce) is the buying and selling of goods and services, or the transmitting of funds or data, over an electronic network, primarily the internet.
- Enhanced the efficiency and responsiveness of website data management.
- <https://github.com/prakash2204A/awp-project>

**App based Attendance System / Android Studio**

**Feb 2024**

- Attendance Management keeps a record of employee or student hours.
- Attendance evaluation can be conducted through an Android app.

**Photo Gallery Management System / HTML,CSS ,JavaScript, PHP**

**March 2023**

- Crafted an interactive and user-friendly interface using HTML and CSS.
- The Photo Gallery Management System aims to revolutionize the art buying, selling, and promotion process by providing artists with a robust online platform and offering users an engaging experience to explore, purchase, and appreciate unique artistic creations.

## Certifications

---

- Java certification from Codetantra.
- Microsoft Azure az-900 certification.
- Java completion certification from Hackerrank.

## Strengths and Weakness

---

- I'm a proactive team player with an upbeat and cooperative mindset.
- I possess self-assurance and adapt swiftly to new work environments.
- Weakness: I can't say no to others while I'm busy in my work.

I hereby declare that all the details furnished above are true to the best of my knowledge.

With regards,  
KOUTHARAPU BHANU SURYA PRAKASH
